About

I am Hilina Teshome, a recent graduate with a Bachelor's degree in Software Engineering from Debre Berhan University. I have experience as a front-end developer at Kuraz Technologies, specializing in React.js, with some familiarity in Laravel. I participated in software development through a remote internship at Prodigy and worked on front-end development during a remote internship at Intertechub, where I built two projects. Additionally, I served as a front-end developer intern at Lebawi Net, primarily using PHP. Passionate about crafting web applications, I thrive on learning and embracing new technologies.
